WEDDING SEASON

It's that time of year again, Wedding Season, and we are excited and honored to be performing on several this year. Wedding's always pose extra challenges and attention to detail. From the initial contact with a bride and groom, to the last song of the night, we know that every little detail in between requires the utmost focus and planning. There are times when we not only provide the entertainment but act as a wedding coordinator helping to organize and pull together the time line, make suggestions for decor and lighting, photographers and even vows!! To book your wedding, corporate event or private party call 818 753 7766 or by email info@laallstars.com

INTRODUCING 'LA-FRONTLINE'

It's important to us to be able to provide a client with entertainment no matter where their budget stands. That's why besides offering DJ's, Bands and Dancers, we have come up with another great option for lower budgets.....we call it 'LA FRONLINE'. If you have a client that wants something 'bigger', with lot's of energy and more of a live feel than just a DJ, this concept is perfect. LA FRONTLINE is our singers performing to track with the same energy, choreography and charisma you've come to expect. Configuration can be changed to suit your clients needs and budget, starting with 1 DJ and 1 vocalist, up to 4 vocalists with 1 DJ. Contact us for availability and pricing.
